AVCS

Please contact our office for pricings details on AVCS. Either by telephone 01542 841245 or via email

info@poseidonnavigation.com

Fixed Annual Cost

With AVCS Folios you can be sure of maintaining access to all the latest information without the need to repeatedly amend your budgets. Any new ENC data that becomes available will be included in the appropriate AVCS Folio at no additional cost for the period of your Licence.

Complete Flexibility

Every AVCS customer is provided with a complete set of Base discs containing every ENC available within the Service. These discs are 'locked' but allow your vessel to carry complete coverage whilst only paying for the folios and charts required. Charts can be 'unlocked' quickly and easily at any point during the licence period, extending your coverage.

ADMIRALTY Raster Chart Service pricing

All prices are in pounds sterling, exclusive of VAT and other local taxes.

ARCS charts are licensed on an annual basis at these prices:

Individual charts £17.80

Each area disc £1100.00

All area discs £6000.00

ECDIS

The Admiralty ECDIS Service is available in 36 regional folios as shown below.

Each regional folios is available in these levels of coverage:

Transit - the ENCs and ARCS charts required for safe transit, including key ports of refuge and bunkering ports.

Standard - the ENCs and ARCS charts required for operational use, including all key ports and approach charts.

Full - all available ENCs and ARCS charts.

Only one level of coverage should be purchased for each regional area.

Note: A small number of ENCs produced by Hydrographic Offices cannot be made available in the ECDIS Service.

Please contact our office for pricings
